2.3.2 Is IELTS Test Report Form Necessary?

Students who graduate from shools in which all courses are taught in English may not need to take IELTS test when they apply for certain universities. In this case, you also need a statement to explain your circumstances. Print out the statement, sign it, and upload a photocopy of it. Then, ask for a written document from your school of graduation which can prove that all your courses in that school were taught in English. Finally, upload a photocopy of the document.

2.3.3 Is Working Proof Necessary?

You will need to clarify your work experience and current post (if any), if you are not graduate of the current year or you plan to apply for universities located in Shandong Province. If you are a graduate of the current year, download "Statement of Current Year's Graduate" in the download center. Then print out the statement, sign it, and upload a photocopy of it.
